Tanmay Mandwekar

Profile Summary

As a highly skilled UI/UX designer and developer, I thrive on creating visually stunning and intuitive interfaces. My expertise in user-centered design principles and proficiency with industry-standard tools like Figma, Spline, and Webflow enables me to deliver exceptional user experiences. With a strong background in HTML, CSS, JavaScript, React, and responsive design, I am confident in my ability to tackle any design challenge. Currently I am seeking an internship opportunity to apply my skills and knowledge in a professional setting.

WORK EXPERIENCE

Web Developer intern @ Hirific

May 2023 - June 2023

- Developed and implemented responsive web designs using Webflow, HTML, CSS, and JavaScript, ensuring cross-browser compatibility and accessibility standards.
- Conducted thorough testing and debugging of website, identifying and resolving issues to ensure optimal performance and user experience.
- Demonstrated strong problem-solving skills by actively contributing to the resolution of technical challenges and providing innovative solutions to improve overall web design and web development processes.

Self Projects

Flight Search Website Link to Prototype

May 2022 - June 2022

Concept Flight search website prototype.

- Designed a visually appealing and user-friendly flight search platform website using Figma, applying UI/UX design principles.
- Created a style guide for the website to maintain consistent design elements for seamless integration.
- Created wireframes and high-fidelity mockups using Figma to effectively communicate the design concept and layout for further development of the website.
- Website designed to provide an optimal user experience across devices by incorporating responsive design principles.

Team App Website teamapp-tm.webflow.io

November 2021 - December 2021

Concept team collaboration website.

- Created a detailed user flow diagram and wireframes to map out the customer journey and ensure a seamless user experience.
- Designed a user-friendly interface consisting of a nice landing page and a beautiful blog page.
- Ensured optimal user experience across devices by implementing responsive design principles in the website's design.
- Demonstrated strong problem-solving and communication skills, as well as an ability to work independently
 and manage multiple aspects of the project.
